W.W.E.E. is a non-profit, private sector corporation founded in 1981 for the purpose of improving the quality of life for low-income women who are heads of households.

Grads & Officers Together

Text & Photos by Millie Garmon

"Pierce County Women In Action" Luncheon convened on Friday, Oct. 7, 1983, at Fife's Executive Inn.

The event featured Lupe Aquiano, Founder of W.W.E.E.,(Washington Women's Employment & Education Inc.). W.W.E.E. is the Northwest's first independent affiliate of the successful Welfare Reform Model originating in San Antonio Texas.

A brief address by Ruth Kors welcomed the public after which Rev. David Silke gave invocation for the occasion

The program progressed with a rendition of "America the Beautiful" sung by Adele Silke accompanied by background musician, Elise Sharon.

Special recognition to volunteers came from Zoe Walker, co-founder of Tacoma's chapter of W.W.E.E.

't is an organization whose objectives are 1. To place between 175 and 250 women per year into permanent, private sector employment. 2. To assure that these women stay on the job at least one full year. 3. To provide an alternative to A.F.D.C welfare in Pierce County.

The program provides: 1). Recruitment and screening-Jobs are found in the private sector and then women trained to fill those specific job needs. 2). Motivation and training-A three week motivation program is given followed by specific job training. 3). Assistance-Women are assisted with child care and transportation, as needed, during training and after job placement. 4). Follow-up and support-A one-year support system is arranged to assist in adjusting to the "world of work." 5). Evaluation-job retention, job satisfaction and work quality are monitored and evaluated.

Employment Rate, Lowest In Two Yrs.

WA.'s unemployment rate dropped to 9.9 percent in August, Governor Spellman announced today.

"This is the first time in nearly two years that the unemployment rate has dropped below 10 percent, and I am delighted," Governor Spellman said in a statement issued today from Kyoto, Japan.

"I am delighted because the latest unemployment statistics prove that the trend of economic recovery is well established, with five consecutive months of declining jobless rates. The unemployment rate has dropped two full points between August, 1982, and August, 1983 from 11.9 percent to 9.9 percent.

"The unemployment rate is still far too high, but in the last 14 months we have dropped from the third highest unemployment rate in the nation to 13th."

The August Unemployment rate of 9.9 percent represents 201,700 unemployed. The number jobless workers declined 38,100 between August, 1982, and August, 1983.

Fairness In Housing

A national debate is currently shaping up on President Reagan's recent proposal to Congress to eliminate the disgrace of discrimination in housing by strengthening the Fair Housing Law. I believe that as the debate develops a few key facts underlying this important Administration initiative should be considered.

From the time I took office as Secretary of HUD early in 1981 I recognized the inadequacy of the Fair Housing Law enacted serveral Administrations ago, and I set about developing a more effective law. The law as it stands makes discrimination in housing based on race, color, religion, sex, or national origin illegal and provides certain remedies for victims.

It stresses conciliation between complainants and alleged offenders. In fact we have found that where the parties sit down to negotiate in good faith the conciliation process is speedy and effective. On average it produces settlement within a hundred days, which is much faster than any court or administrative hearing process is likely to be. Moreover, in 50 percent of these cases complainants are provided with a dwelling--a very practical measure of the success of the conciliation process.

Congressman Gus Savage(second from right), as Chairman and organizer of a workshop on procurement of Government advertising by black newspapers, recognizes Calvin Rolark(extreme left), Chairman of Black Media, Inc.

This workshop at the 13th Annual Congressman black Caucus Legislative weekend, in Washington, D.C. recently, was the first of its kind during the annual CBS Weekends.

Congressman Savage, a former newspaper Publisher/Editor, was asked by the CBS chairman, Congressman Julian Dixon, to chair and organize the workshop based upon his previous experience and expertise. Also pictured are Christopher H. Bennett(second from left), President, National Newspaper Publishers Association and Don Roberts (exterme right), chairman, Amalgamated Publishers, Inc.

Richard Torgerson, Conductor Of Boys Choir

A new vocal experience is now available for Tacoma area boys in the newlyformed Boys Choir of Tacoma Community College.

Directed by experienced conductor Richard Torgerson, the choir is designed for boys ages 8-18 with unchanged voices.

"We hope to have two choirs, one performing group of 30 boys and another training choir," Torgerson said. The choirs are open to any boys interested, and no experience is necessary.

Torgerson brings a lifetime of experience in the music field to the new choir. The 40-year-old director has been involved with music since the age of four. He has worked as music director a vocalist and arranger, along with a vocal instructor for the past 15 years. He received his Bachelors degree in music from the University of Utah and has studied with leading voice instructors.

rehearsal for the new choir are under way now. Anyone interested may audition at a rehearsal weekdays at 4:15 pm. in BLDG. 7, performance hall, on the TCC campus. The choir is sponsored by the TCC Office of Continuing Education.

Emerald City Host American Dental Assoc.

Bob Bushman, Executive V.P. of the Convention and Visitors Bureau, today announced that Seattle has won the bid for the 25,000 delegate American Dental Association's annual convention in 1991.

Bushman commented: "This is the first of the big ones to go on the books. This convention will use all the space in the new convention and trade center plus all available facilities at the Seattle Center. They will also use every available hotel room in King County". Anticipated revenues generated from this three day event are set at $8,250,000 for Seattle/King County.

HAVE YOU BELIEVED OUR REPORT?
SERIES #26
ISAIAH 53: 1&2

Who hath believed our report? and to whom is the arm of the Lord revealed?

For he shall grow before him as a tender plant, and as a root out of a dry ground: He hath no form nor comeliness: and when we shall see him, there is no beauty that we should desire him.

WORDS OF WISDOM
PROVERBS 12:1-10.

Who so loveth instruction loveth knowledge: but he that hateth reproof is brutish.

A good man obtaineth favor of the Lord, but a man of wicked devices will he condemn.

A man shall not be established by wickedness; but the root of the righteous shall not be moved.

A virtuous woman is a crown to her husband but she that maketh ashamed is as rotteness in his bones.

The thoughts of the righteous are right: but the councel of the wicked are deceit.

The words of the wicked are to lie in wait for blood: but the mouth of the upright shall deliver them.

The wicked are overthrown, and are not, but the house of the righteous shall stand.

A man shall be commended according to his wisdom: but he that is of a preverse heart shall be despised.

He that is despised and hath a servant, is better than he that honored himself, and lacketh bread.

A righteous man regardeth the life of his beast; but the tender mercies are the wicked are cruel.

PRISONER'S CORNER

In an effort to keep our reades informed, Tacoma Facts will be publishing PRISONER"S CORNERS", A weekly article from the Prisoner's themselves However the opinions are not neccessarily those of the Publisher.

CONTINUED FROM LAST WEEK

PRISONERS CORNER (PREPARING FOR WAR)

To those inmates who are honestly trying to come out of Shelton better people than when they came in, this is an especially bitter pill to swallow. These inmates see the increase in population and the decrease of individual spacing and programs as a "slap in the face" to their efforts to reconstruct shattered lives.

Further enhancing the danger level in the formerly peaceful Shelton environment is the newest administration move of placing those residents assigned to the "protective custody unit" into the general population. This is a danger to the safety of those persons because those inmates are subject to harassment and bodily harm should they be found out - and more often than not, prison grape-vine precedes the former protective custody inmate to his new living quarters.

Thus, the inmates at Shelton are preparing for the war to come. They don't know how, why, or when it will come, only that if things continue on their present course, it will come.

Instead of discouraging those who honestly wish to make amends for their misdeeds, they should be encouraged. Alternate facilities must be built, and, even more importantly, alternatives to prison must be found. Unfortunately, inmates also realize that much is said but little is ever done to correct a situation until a great tragedy occurs.

Basically, inmates feel that the public is apathetic and unconcerned about prison institutions, and this hurts because we inmates are Americans too. True, we did committ offenses against society, but many of us honestly want to make good our mistakes. Forgiving a person for his transgressions and not giving up on him? Afterall, isn't that what rehabilitation and American morality is all about? Forgiving a person for his transgressions and not giving up on him?

Jobs For Youth

Baha'i Anniversary Celebration

Baha'i Shrine of the Bab (Bob) located in Haifa Israel where it dominates the skyline today.

On Wednesday October 19, the Baha'i Community of Tacoma will celebrate the Anniversary of the Birth of Bab, Who, Baha'i believe, was the first of two prophets sent by God to educate mankind during this age and to iniate a new cycle in the spiritual evolution of the human race. The public celebration will be held at 4409 No. 33rd in Tacoma at 7:30 p.m. and will include some readings by the Bab and refreshments.

The Bab was born Syyid 'Ali Muhammad on October 20, 1819 in Shiraz, Persia. He took the title, "The Bab," which means, "The Gate of God," in 1844 when He declared His mission as the Revealer of an independent dispensation in mankind's religious history and the Forerunner of a greater prophet Who would follow Him and reveal the Will of God for this new age. The Bab asserted that His mission was to prepare the world for "Him Whom God will make manifest," and He revealed a Holy book called "The Bayan," which means, "Exposition," in which he set forth His laws and teachings and foretold the coming of Baha'u'llah, the Prophet-Founder of the Baha'i Faith whose name means, "The Glory of God."

Get Your FLU Shots

Now is the time for early flu immunization, especially for high-risk individuals, according to the American Lung Association of WA.

Persons considered high risk are those with lung, heart, kidney, and metabolic disturbances or those 65 years old or older.

Influenza deaths occur primarily among high-risk individuals. Since 1968, more than 200,000 excess deaths are estimated to have occured during flu epidemics in the U.S.

Persons who are interested in being immunied should contact their county health departments or their own physicians.

More information, can be obtained at 1-800-732-9339 or 474-9547 in Tacoma.

A Partnership for Neighborhood Improvement

1984-1985 COMMUNITY DEVELOPMENT

Improving our neighborhood requires a partnership of government, neighborhoods, community groups and businesses. Community development means working together to build sound housing, livable neighborhoods and a strong economy.

Since 1975, the City of Tacoma has been asking its citizens and community groups to help improve our city by proposing ideas for Community Development projects. Beginning October 5, 1983, the Community Development Department will again accept proposals from citizens, community groups, governmental agencies and City departments for the July, 1984 to June, 1985 program year. To be considered proposals must be submitted by November 7, 1983, before 5:00 p.m. to the:

Community Development Department
Tacoma Municipal Building
740 St. Helens Avenue, Suite 1036
Tacoma, WA 98402

Tacoma expects to receive up to $2.8 million in Community Development Block Grant (CDBG) funds from the department of Housing and Urban Development (HUD) for the 1984-85 program year.

Approximately $750,000 of these funds will be available for miscellaneous neighborhood projects submitted from the community. The City Council has adopted policies setting aside $126,000 for street improvements, approximately $140,000 for acquisition of land for open space, $560,000 for housing rehabilitation and about $220,000 for repayment of loans for the University of Puget Sound Law Center project.

The primary objective of the CDBG program is to "provide decent housing and a suitable living environment and expand economic opportunities, principally for low- and moderate-income persons." (Housing and Community Development Act of 1974).

The Community Development Department administers the City's program using various federal and state funding sources in partnership with City and private resources to implement housing, economic development, neighborhood improvement and historic preservation programs.

PLANNING SCHEDULE

You can help decide how Tacoma's Community Development Block Grant funds will be used. You have the following opportunities to be involved:

Proposal Submission Period	October 5-November 7, 1983
Neighborhood Public Hearings	October 13, 20 and 27, 1983
City Staff Review	November 14-December 23, 1983
Urban Policy Committee Project Selection	January 5-January 20, 1984
Study Session with City Council	February 14, 1984
City Council Public Hearing	February 21, 1984
Statement Submitted to HUD	May 1, 1984

PROPOSAL APPLICATION

If you have a specific project you would like funded, you must submit a written proposal. Forms and background information are available from the:

Community Development Department
740 St. Helens Avenue, 10th Floor
or
City Clerk
740 St. Helens Avenue, 11th Floor
or
Tacoma Public Libraries

Application packets will also be available at the neighborhood public hearings. Proposals must be submitted to the Community Development Department by November 7, 1983 at 5:00 p.m.

Proposals will be selected by the Urban Policy Committee and City Council using the following criteria:

— Consistency with Federal eligibility requirements (see proposal packet for eligibility criteria).

— Benefit to low- and moderate-income persons or removal of slums and blight.

— Consistency with Tacoma City Council policies for community development.

— Location — priority will be given to projects serving Neighborhood Strategy Areas.

— Consistency with other federal, state or city legislation, plans, or policies.

— Needs discussed by citizens at public hearings.

PUBLIC HEARINGS

The Urban Policy Committee will hold three public hearings so you can discuss issues and suggest solutions for neighborhood problems. The Committee will use citizen's comments in evaluating the proposals it recommends to the City Council for funding. The hearings are scheduled for 7:30 p.m. on:

October 13, 1983	Stanley School Gym 1712 South 17th
October 20, 1983	McKinley School 3702 McKinley Avenue
October 27, 1983	South Park Community Center 4851 South Tacoma Way

After the Committee has made its recommendations, the City Council will hold a public hearing, tentatively scheduled for February 21, 1984, on the proposed use of Community Development funds.

ASSISTANCE

If you need help understanding the proposal form or program requirements, contact the Community Development Department at 591-5229 or 595-5221 for assistance. Staff members will be available before and after the neighborhood public hearings to answer questions.

PAST ACTIVITIES

Since 1975, Community Development Block Grant funds have contributed significantly to building our community.

More than 500 homes have been rehabilitated since 1975 using a combination of CDBG and other public funding sources. Locks and smoke detectors have been installed in 855 public housing units. Thousands of elderly and handicapped citizens have received home repairs.

Community Development uses a variety of programs to stimulate ecoomic growth, particularly in downtown Tacoma. The Community Development Program has stimulated development and job creation with projects such as the Sheraton Hotel, Tacoma Financial Center, and the One Pacific Building restoration. Revolving loan funds are helping businesses improve buildings needed for their expanding operations. Several neighborhood commercial districts such as South Tacoma Way are being redeveloped.

Historic landmarks such as the Spanish Staircase, Carnegie Library and Seymour Botanical Conservatory have been rehabilitated. Property owners are being assisted with restoration of historic buildings so they can qualify for investment tax credits.

Numerous public facilities have been built. Thirty-two parks have been improved or developed. Sixteen community facilities—including five recreation centers, three senior centers, three branch libraries—have been built or improved. All library buildings and fifteen parks have been modified to make access easier for handicapped persons. About seventy-eight acres of open space property have been purchased and will be preserved or developed for recreation.

Over thirty miles of residential streets have been improved and three neighborhoods have installed street lighting. Over 300 curb ramps have been built to make streets more accessible for handicapped persons.

PROVERBS 3:

My son, forget not my law, but let thine heart keep my commandments.

For length of days, and long life, and peace shall they add to thee.

Let not mercy and truth forsake thee: bind them about thy neck, write them upon the table of thine heart.

So shall thou find favor and good understanding in the sight of god and man.

Trust in the Lord with all thine heart: and lean not unto thine own understanding.

In all thy ways acknowledge him, and he shall direct thy paths.

Be not wise in thine own eyes: fear the Lord and depart from evil.

It shall health to thy navel, and marrow to thy bones.

Honor the Lord with thy substance, and the first fruits of all thine increase.

So shall thy barns be filled with plenty, and thy presses shall burst out with new wine.

My son depise not the chastening of the Lord: neither be weary of his correction.

For whom the Lord loveth he correcteth: even as a father the son in whom he delighteth.

Happy is the man that fineth wisdom, and the man that getteth understanding,

For the merchandise of it is better than the merchandise of silver, and the gain thereof than fine gold.

She is more precious than rubies: and all the things thou canst desire are not to be compared to her.

Length of days is in her right hand: and in her left hand riches and honor.

Her ways are ways of pleasantness, and all her paths are peace.

She is a tree of life to them that lay hold upon her: and happy is every one that retaineth her.

The Lord by wisdom hath founded the earth: by understanding hath he established the heavens.

By his knowledge the depths are broken up, and the clouds drop down the dew.

My son let them depart from thine eyes: keep sound wisdom and discretion.

So shall they be life unto thy soul, and grace to thy neck.

then shall thou walk in thy way safety, and thy foot shall not stumble

We welcome news of your church and civic events.

SOMETIMES BALCKS MUST FIGHT BLACKS

This column will introduce you to three new genuine folk heroes of today's American scene.

It will anger you, or should, if you have an ounce of humanity or charity for those in our mist who have not enough wealth and power to defend themselves.

Norfolk, Virginia, a peaceful city of 290,000 is about 67 percent white with a school enrollmen that is 70 percent black. the debate over busing is split into three factions: the school board which has voted for a reduced busing plan among the elementary school children only: two mainly middle class black pro-busing who want no reduction in bussing at all: and a group of low-income black parents who agree with the school board.

they are bearing the brunt of busing and getting little in return for it.

Power is also what some of the middle class established black leaders in Norkfolk want.

Busing for intergration seems to be a smoke screen for getting it.

by creating a furor for more race mixing in the schools and demanding continued busing of black children from black neighborhoods across town to white neighborhoods; and demanding that white children also be tormented in the same process, the pro busing intergrationist deny the actual parents, mostly black and poor, any role in deciding whether they want continued busing.

While the debate boils, the white runs;"white flight: they call it.

When the majority of the city is Black, the promoters of hypocrisy plan to be elected and appointed to the city's highest offices, The poor Black families, of course, bear the burden of this busing scam.

In Norfolk, it almost worked, but the real "Whites" stopped the bus. Earlean and Nelson White may be poor, Black and grass roots, but they are not stupid--nor any where near it. And that was the big miscalculation that the would-be Black power brokers overlooked.

At first, Earlean and Nelson weren't too smart. They believed that their children were merely the innocent victims of insensitive middle-class Blacks with no children in the schools who were naively exploiting their children for busing for integration, believing again innocently, that White people were superior and it would rub off. They got over that illusion soon.

The Whites found out that innocence and naivete are not a part of busing in Norfolk. It was a clear cut case of Blacks exploiting Blacks. The pro-busing bunch make no secret about their lack of regard for quality education; they just want more busing. But Earlean, her husband Nelson and Hortense Wells, the only one of three school board members to side with the poor and Black parents, stopped the bus-or "train' as some would call it. Later this month on public television (PBS), I present this story of exploitation, greed, power and innocent bravery in a program called "Their Feet Hurt."

These grass roots Blacks stopped the bus. This is one of the most intense and bitter revolts of poor inner-city Black parents in the nation. With all of the earmarks of social-class warfare, the Parental LInvolvement Network (PIN)--516 W. 36th Street, Norfolk, VA 23508 (804/627-1875)--a maverick grass roots group, is confronting the city's established Black leadership over the controversial issue of busing for racial mixture. The dissident Black voices are led by PIN Chairman Earlean White, a housewife, and her husband Nelson, a 44-year-old house painter. The Whites have five children in the public schools and believe that the children are "victims of racial politics" in which an insensitive Black middle class is using the busing issue for political gain at the expense of the poor.

Mrs. White went from door to door in the lower-income housing projects to collect 1,200 signatures on petitions from Black parents. She said about these dissident Black voices: "We feel like we have sacrificed 11 years of children, because Black children have regressed badlly. We're not willing to sacrifice any more Black children, be they mine or anybody else's."

TO BE EQUAL

John Jacobs

Policies Harming the Poor.

In his second inaugural address, back in 1936, Franklin D. Roosevelt said: "The test of our progress is not whether we add more to the abundance of those who have much: it is whether we provide enough for those who have too litle."

Those words provide a good benchmark for judging current economic and social policies.

By that standard they are found wanting, for they have helped the affluent while heaping added troubles on the poor.

FResh evidence of this comes from a recent report by the Congressional Budget Office which made a dispassionate analysis of federal spending over the past three years.

The CBO found that spending cuts in 26 human resources programs hit the poor hardest.

Famillies earning less than $10,000 a year lost twice as much income and services as higher income families.

By 1985 spending for those programs will be $110 billion less than they would have been without the cuts. A fourth of that total was sliced out of key survival programs such as welfare and foodstamps.

While some programs affecting the poor least were slightly trimmed, those that provide the tools with which people can climb out of poverty were slashed heavily.

Employment and training programs, for example, will be down 60 percent and training for the disadvantaged, including youth, will be off by over a third.

Child nutrition programs were cut by 28 percent. Compensatory education for disadvantaged children was cut by 17 percent.

In human terms, those cuts are disvastating. Elimination of public services jobs means that every seven months, 600,000 jobless people who might have receives temporary work and training will not.

Some 325,000 families who got some welfare assistance now get nothing.

Another 350,00 families stayed on the rolls, but their beneifts were reduced.

A million people who were eligble for food-stamps assistance no longer qualify for it.

About 700,000 fewer students got guaranteed students loans. After cuts were made in the school lunch program, participation dropped by 3 million.

The human costs have been devastating.

Our law makers have acted with all the compassion of a Russian fighter pilot witha civilian airliner in his sights.

It is cruel to make such massive cuts while preaching that the private sector and a renewed work ethic will provide all the opportunties people need.

In fact, there isn't enough work to go around with eleven million people jobless and at least that many more not counted as part of the labor force.

Those policies do severe long standing term damage to the economy. By depriving people of opportunities and by mothballing millions who want to work and to have a chance to make it within our system, American makes itself less competitive in the world's market.
